Prices in Switzerland

Many people think Switzerland is expensive, judging by their experiences in big cities like Zurich. Zurich is one of the most expensive cities in Switzerland in terms of prices. In the countryside and in smaller towns, prices are quite different.

Berneck

Berneck is located in the Middle Rhine Valley in a protected valley bay where vines have been cultivated for over 1100 years. Due to the mild climate, there are of course also favoured residential areas in our municipality. The vineyard and forest belt around Berneck forms a popular recreational area for the entire region and neighbouring Vorarlberg. Berneck borders the St. Gallen municipalities of Au and Balgach as well as the Appenzell region with the municipality of Walzenhausen AR and the district of Oberegg AI. With around 3,900 inhabitants and an area of 5.6 km², Berneck is a rather small but cosy municipality with a good overview. The lowest point is 404 metres above sea level in the valley, while the highest point is 719 metres above sea level on the border with Oberegg.
